NOT ONE ESCAPED

To Tell the Story of the Frightful Calamity.

Disastrous Explosion in a Washington Coal Mine.

In Which Forty-Seven Men Lost Their Lives.

CARELESSNESS BELIEVED TO HAVE BEEN THE CAUSE.

WILL NEVER BE KNOWN.

A Large Proportion of the Victims Were Families Who Are Very Poor Citizens.

Two Days a Week for the Past Year and Several Months of the Month.

Boatmen, Wash. May 12.—Twenty

afternoon, a terrible gas explosion occurred in the mine No. 2 of the Northern Pacific Coal company, at this point, by which nearly half a hundred miners lost their lives.

Most of the men were working 1,500 and 2,000 feet from the opening when the explosion occurred, and there is no doubt in the minds of the miners or the company's officials that every man was instantly killed.

The mine is one of the largest in the state, and has a capacity of 20,000 tons a day.

Amateur Knapley, of the Roanoke mines, says the explosion was caused by gas, which was probably lighted by a match or the careless use of a lamp.

The true cause of the accident will never be definitely known, as no one escaped to tell the story.

Many of the miners' hard-earned money and their widows' and orphans' support were lost in the explosion. Many of the families are now in a state of destitution.

The explosion occurred just as two gangs were shifting. Two boys in the tunnel escaped, but they are the only ones.

In conversation Superintendent Harrison said that in his opinion the explosion occurred either in the sixth level west, or in the seventh level east, and that the cause of the explosion was struck a drill hole full of gas and water, the former forcing the latter out and bringing it in contact with the miners' lamps.

A sad feature of the disaster is that a large proportion of the victims leave large families, and as they have not had over two days' work per week, the past year, many of them are in straitened circumstances. The scene about the mouth of the mine was a sad one, as many of the men, women and children stood about in a dazed condition, pitiful lamentations of the negroes and the horrors.

UNITED BY STEEL.

Tennessee and Arkansas Connected by an Immense Bridge.

Memphis, May 12.—Thursday was the great day of the festivities in connection with the dedication of the bridge across the Mississippi river, which was crowded as it had never been before.

The exercises of the day opened with a parade, the first division being composed of visiting and home military companies, next came the fire department, and lastly the citizens of the city.

The procession moved through the principal streets of the city and halted at the bridge, and with Governor Buchanan, of Tennessee, and Governor Eads, of Arkansas, stepped onto the center of the bridge.

President Lucas B. Clapp, of the taxing district of Memphis, placed his hands upon their heads and declared the union of the great west and the great east, the nation boomed from the river, and the great multitude on shore took the air quiver with cheers for southern energy and enterprise.

Thursday night there was a grand illuminated bridge display.

The length of the bridge and its approach from Arkansas to Tennessee is three miles. It is five spans, is built on the cantilever principle, 8,000 tons of steel have been used in the construction, and the cost has been over \$2,000,000.

The crowd of visitors which thronged the city and congregated about the great bridge to witness the ceremonies was estimated at 30,000.

The city never before presented such a gala appearance. The decoration of business houses was never so elaborate, and the throng of visitors thronged from every corner and nook of the downtown buildings.

OVER TWO HUNDRED KILLED.

Venezuelan Insurgents Blow Up a Camp and Slaughter the Survivors.

MARACAYBO, Venezuela, May 16.—Colonel Villafane's camp, in the heart of the Andes, was blown into atoms with dynamite by the insurgents.

Colonel Villafane is among the slain. Ganjos, once an expert engineer in the service of German railroad builders of Caracas, fired the charges.

After the firing of the mine the insurgents swept down upon what was left of the 216 government troops that occupied it, and put them to death.

Villafane himself is among the slain. The Venezuelans are expert in the use of dynamite. The pass at La Chita, where the camp was blown up, was unguarded some two weeks ago and loaded with dynamite several nights before Colonel Villafane accepted the advice of Ganjos to locate there.

G. A. R. Circular.

WASHINGTON, May 11.—Commander-in-Chief Palmer, of the G. A. R., has issued a circular to the G. A. R., informing them of the manner in which the city of Washington is governed, and coincides with the belief that the G. A. R. posts that have protested against an appropriation by congress in all of the G. A. R. encampments are unacquainted with the true management of the affairs of the district.

Killed While Hunting.

COLUMBUS, Ind., May 16.—Homer Dallas, postmaster of Spencerville, Brown county, D. C., and the latter's seventeen-year-old son were out in the woods hunting Saturday. One of the party shot a squirrel, but the animal came to the tree before dropping to the ground. Young Dallas, with cocked gun, stepped behind Dallas to get another shot at the squirrel, when his gun accidentally went off, killing Dallas.

Sad Result of a Lightning.

FINCHAM, O., May 16.—Mrs. William Lytle, a sister-in-law of Joseph Lytle, who was lynched by a mob in this city on the night of March 30, for a murder, was killed by lightning on Saturday.

A STREET DUEL.

Four Men Injured in an Affray at Frankfort, Ky.

FRANKFORT, Ky., May 15.—A terrible street duel, in which four men were injured, took place near the Louisville and Nashville depot Friday night. Charles Owens, an alighted from a Louisville and Nashville train and started up town, when J. T. Johnson, of Pleasantville, Henry county, drew his revolver.

Owens anticipated the move and shot at the crowd to stand back. At the same time he drew his revolver. Johnson fired and Owens fell. Johnson then dodged behind a telegraph pole, and began firing.

Owens was again returned shot for shot. bystanders finally stopped the shooting. Seven shots were fired, and when the smoke cleared away four men were found injured.

Owens and Anthony Letch, a bystander, were shot in the groin. It is feared their injuries were serious. Johnson was also through the wrist while he stood behind the pole. Judge Jett, who separated the men, was shot in the head.

The trouble is due to Johnson's intimacy with Owens' wife. Mrs. Owens sued for divorce for desertion and obtained a decree this week. Owens and Letch may die.

Johnson Fought Him.

FRANKFORT, Ky., May 16.—Charles Owens, one of the principals in a street duel, is still alive and doing well. It is believed that he had been waiting to kill Johnson for some time, but when the opportunity came he was not quick enough.

DUEL WITH KNIFE AND RAZOR.

Total Results Reported for Both the Participants.

LOUISIA, Ky., May 12.—Tuesday at Dalton's store, Fuller's Station, William Howell and John Scarberry met.

A few days previous Howell ordered Scarberry off his premises. Tuesday at the meeting Howell asked why he received such treatment. Scarberry replied: "For the treatment I received."

Instantly a knife was drawn by Howell. Scarberry pulled a razor. Howell received several cuts on the abdomen, and Scarberry was cut in the head and shoulder. They stopped fighting only when they were exhausted. Fatal results are feared.

Deadly Row Over a Ball Game.

LOUISVILLE, Ky., May 12.—At Calhoun, on Green river, Saturday night, occurred a drunken row over a game of ball played at Calhoun Saturday afternoon between the Calhoun club and a club made up of Green river rascals, and the participants were the members of the two clubs. In the melee a ruffian from Hartford, named Hudson, a barber from Calhoun and a fruit-trade salesman from Evansville, the two last named being passengers on the boat, beat up George Irving of Calhoun, one of the brewers were shot and mortally wounded.

Charged with Murder.

OWENSBORO, Ky., May 13.—Mary Young, colored, charged with murdering her husband, was arrested Thursday on a warrant sworn out by her stepson, George Bell, charging him with the murder of his wife. It seems that she owned the house and lot where they lived, and Young was very anxious to get hold of the property. He tells several conflicting stories about the matter, but denies all knowledge of her whereabouts, or what time of the night she disappeared.

Here's an Honest Man.

LEXINGTON, Ky., May 13.—Rodney Dillon, Miss Emma Carpenter were to have been married Wednesday evening, but the wedding was postponed. Dillon is individual bookkeeper at the National Exchange bank. Last Thursday \$500 of the Ashland Building association's money was placed in the bank, and mysteriously disappeared. He also had access to the safe, and they are all in a bad way. While Dillon is believed to be innocent, he refused to marry the girl until everything is straightened out.

A Terrible Murder Case.

GRAYSON, Ky., May 14.—There will be called for trial this criminal court a murder case almost without a parallel. Aug. 13, 1891, Richard Kizer, of this county, walked over to his neighbor, Henry James, and shot him to death in the presence of his family. There was no provocation save a dispute over some cattle a few days previous. Kizer has walked serenely under ever since under a small bond.

To The Voters of Crittenden County.

I hereby announce myself as a candidate for reelection to the office of Circuit Court Clerk subject to the action of the Republican party. I wish to return to the people of this county my heart felt thanks for the support given in the past. Whatever may be my lot in the future one of the brightest spots in my life will be the memory of what the people of Crittenden county have done for me. I have endeavored to so regulate my official conduct as to be worthy of the confidence reposed in me and the honor conferred upon me. My official life is before you. If I have discharged the duties of the office with a conscientious regard for the interest of the people, without partiality to any party or shade of political belief but treating all men exactly alike and if I have performed the work of the office properly and right I respectfully ask an endorsement at your hands. For the next term if elected, I can promise nothing more than what I have earnestly endeavored to do in the past to faithfully and impartially discharge every duty incumbent upon the office, with profound gratitude for your support.

Very Respectfully, H. A. HAYNES.

The Press Association.

The Kentucky Press Association held its annual meeting in Lexington Tuesday and Wednesday of last week, and was royally entertained by the queen city of the blue grass section. An eloquent address welcoming the editors to the city, was delivered by Mayor J. H. Davidson and was responded to by the President of the Association, Harry Summers. During the session papers were read by various members of the Association upon topics of interest to newspaper men. Tuesday night a ball was given at the Phoenix Hotel. Wednesday morning after the business meeting, the 150 quill drivers mounted the electric street cars and were conveyed to Ashland, the home of Maj. H. C. McDowell, where a Kentucky lunch was served according to the Kentucky idea on affairs of this kind. Then the State College was visited, where dress parade by the cadets was witnessed, and the various phases of this great institution of the State inspected. This college belongs to the State and the property is valued at \$450,000. More than 600 students have been enrolled within the last year, twenty-six teachers are employed. After leaving the college the various other points of interest about the city were visited. On Wednesday night there was a grand banquet at the Phoenix Hotel. The feast embraced eleven courses, and in point of splendor is rarely exceeded in this country. Eleven toasts were responded to by Kentucky's most eloquent sons. Gov. Brown responded to the toast, "Old Kaintuck," and his burning words of eloquence brought round applause. The other speakers

were none the less entertaining. Lexington has grown wonderfully of late years, and is now in all respects a charming type of the enterprising American city. She has a population of 35,000 souls, and these souls possess the wealth, hospitality and enterprise of at least 35,000 more.

Democratic Convention.

The Democrats of Crittenden county, Ky., in convention assembled, May 14, were called to order by P. S. Maxwell.

The regular chairman of the convention being absent, P. S. Maxwell, chairman of the county committee, was unanimously elected to fill the vacancy, and J. P. Crawford was elected Secretary.

The following committee on resolutions was appointed: W. H. Asher and H. W. McKee, Bella Mines; J. B. Carter, Union; L. E. Cook, sr., Fort's Ferry; O. M. James and C. S. Nunn, Marion.

Resolutions as returned were read and warmly discussed by O. M. James and E. C. Flannery on one side and J. W. Blue, sr., and T. J. Nunn on the other. After one or two slight amendments they were unanimously adopted as follows:

We, the Democrats of Crittenden county, in convention assembled, endorse the action of the State Central Committee in calling the State Convention of May 25th, at Louisville, and also the county convention of this date, and we thank the Hon. J. W. Blue, sr., and the county committee, for the able and effective service they have rendered to the Democracy of Crittenden county, and we congratulate the county committee in selecting and re-electing the Hon. P. S. Maxwell as the successor of Mr. Blue.

First. We pledge anew our fealty to the principles first declared by the illustrious men who founded our free institutions and established the democratic party to protect and preserve them; these same principles which are now practiced and advocated by Grover Cleveland, John G. Carlisle and Henry Watterson.

Second. We declare for the speedy abatement of all forms of needless and oppressive taxation and firmly believe the only means of abating such taxation is upon the basis formulated by the Democratic National Convention of 1888, and to this end the iniquitous McKinley tariff bill should be repealed, and so great is the necessity of this repeal that we believe that this issue of tariff reform is the paramount and real issue and for which the Democrats must contend in the coming campaign.

Third. We denounce the Harrison administration for lending its aid to a scheme for throttling the ballots of the people and robbing them of the right of suffrage, which scheme had for its chief purpose the perpetual succession of its advocates, and we further denounce the administration for the sale of its cabinet officers for mammon to corrupt an honest election and for its departure from the aims and intents of the constitution.

Fourth. We recommend to the Democrats of this Congressional district the name of Robert C. Walker as one who possesses the stamina, ability, honesty and wisdom that pre-eminently fit him to sit in the high councils of the Democratic party in its wigwag at Chicago, and as their delegate truly reflect the sentiments and wishes of the Democrats of this district. Therefore be it

Resolved, That we instruct our delegates at the Louisville Convention to cast our votes for Robert C. Walker as one of the delegates from this district to the National Convention.

Fifth. We believe that Senator John G. Carlisle is the embodiment of the principles advocated by the Democratic party, and we recognize him to be one of the most available men to lead the conquering hosts of the Democratic party to victory in the coming struggle.

O. M. James, Chairman, C. S. Nunn, H. W. McKee, J. B. Carter, W. H. Asher, L. E. Cook, sr., Com.

John Robinson's Show.

A Gorgeous, Sumptuous and Impressive Augmentation.

To speak of the merits of John Robinson's Great World's Exposition is merely "love's labor lost" with the people of this nation. There is not an amusement-lover on the continent but what is fully cognizant of the fact that it is now and ever has been the best among the best. Everybody does not know, however, that during its last winter's vacation the show has received an augmentation so vast and so important as to dwarf by comparison even its own great exhibitional excellence. We allude to the grand, gorgeous and sublime biblical spectacle of "Solomon's Temple," and the "Queen of Sheba," in which a number of people find active participation, and which is replete in grand scenicographic effects, typical reproduction of biblical personages and events, prolific in paganistic and professional features, lavish in entrancing ballets and terpsichorean diversions, and rich in trappings and appointments, requiring for its production the largest stage ever constructed, and conspicuously traversing such sacred scenes, scenes and incidents as the Judgment of Solomon, Arrival of the Queen of Sheba, The City of David, the Palace and Temple, Court of King Solomon's Temple, the Walls and Towers of Jerusalem, Solomon's 700 Wives, the Sacred Ark of the Covenant, the Great Ivory Throne, Procession of War Chariots, Slaves Bearing Incense, lovely "Cresset Dancing Girls, moral and country Parades and exciting Chariot Races. This eminently moral, historical and mind-elevating spectacle will commend itself to every lover of the sacred and beautiful.

The Robinson Exposition, with its sublime spectacular accession, is to exhibit in Marion, Ky, May 30, 1892.

STATE OF KENTUCKY.

COUNTY OF LIVINGSTON.

The citizens of Love's Chapel neighborhood in the county and state aforesaid, held a meeting this 7th day of May, 1892, at said Chapel for the purpose of devising some means of enforcing the law against unknown parties who recently violated the kuklux law in said neighborhood. Thos. Baker was elected president of said meeting and Jacob S. Love, Jno. W. Brown and R. Y. Northern were appointed a committee on resolutions which were reported and adopted viz:

Whereas the peace of this community has been recently disturbed by unknown parties acting the principles of the "White Caps" by giving an unwarranted notice to a colored man to leave premises upon which he had been employed as a farm laborer and by following in after night upon another and cruelly flogging him without any provocation. So far as we have been advised, who else had been employed as a farm laborer in said community.

Therefore be it resolved by this body of citizens of Love's Chapel neighborhood and vicinity:

1st. That we deplore such conduct, and denounce it as an outrage upon the Constitutional liberties of the colored men and those who had employed them, and was cowardly in the extreme.

2nd. That we are in no wise in sympathy with the "White Caps" nor any of their kindred organizations, and stand opposed to such violence in general. Knowing as we do that it makes void the law and protection to innocence, degrades justice, demoralizes communities, makes private homes places of anxiety and influences the spirit of retaliation from which as a rule, the innocent are the greatest sufferers.

3rd. As lovers of law and good order we will endeavor to be as wise as serpents and as harmless as doves in detecting if possible, the offenders and bringing them to justice, that they meet the penalty of a violated law.

4th. That a copy of these resolutions be presented to our county papers, be published, and to the Crittenden Press for publication.

Last Sunday Lewis Thomas, an old citizen of the county, and postmaster at Crittenden Springs gathered together his personal effects in the shape of clothing, and left for parts unknown. He has been a citizen of the county for many years and he and the wife he left behind have raised a large family of children, several of whom are married and have families of their own. The old gentleman claimed that he and the good wife did not get along pleasantly in their old days, and it is supposed that his sudden departure was on that account. His securities Messrs Tom Griffin and T. A. Minner took charge of the post office at the Springs, and brought the government portion of it to this place, hence there is one post office and one post-master less in the county.

BUTTER AND CHEESE FACTORY.

An Effort Being Made to Establish One in Marion.

Mr. M. J. Briggs, of Louisville, spent two days in Marion this week, interesting the people in the establishment of a butter and cheese factory here. Tuesday night he addressed a small crowd on the subject at the court house, and Wednesday another public meeting was held and the matter discussed. The result of the meeting was the appointment of a committee composed of J. P. Pierce, William Belt, R. C. Walker, E. E. Blackburn and R. E. Bigham to investigate the matter and assist in talking up the matter. Mr. Briggs asked that a committee of two be appointed to visit a number of factories of this kind, interview farmers who were selling milk to them and to report upon their condition as they effect the farmers and business men of a community. Messrs J. P. Pierce and Wm. Belt were selected and left for Chicago and central Illinois this morning—Mr. Briggs paying all expenses. These gentlemen will return to make their report to a meeting to be held at the court house next Monday. Everybody is earnestly requested to attend this meeting. The farmers especially who live within a radius of eight miles of Marion, should attend this meeting, and investigate this premises. The "Elgin" system is used in the factories, and they are run on the cooperative plan. It is something that we need, it is something that will pay, it is something that Crittenden is peculiarly adapted to. The Press earnestly hopes that the farmers as well as business men will take an interest in this. In his speech at the court house Wednesday Mr. Briggs, among other things said:
An average cow will give 6 quarts of milk at a milking, or two and a half gallons (twenty pounds), of milk per day. This is \$1.20 per hundred, would be twenty five cents per day, or a total of \$75.00 for a milking season of ten months or 300 days.
Two acres of good land will supply her food and pasture for the year.
Thus, forty acres will support twenty cows, producing \$1500.00 worth of milk per annum. One good man whose wages and board will not exceed \$300.00 a year, will milk and attend to them.
Can wheat, corn or oats make a showing that begins to compare with this?
Besides, with one-half or two thirds of his land in grass and pasture and the manure furnished by the cows, his farm is growing better every year, instead of being run down and exhausted as it is with grain raising.
The farmer's wife is entirely relieved from the slavish drudgery of farm dairying and the hired girl can be dispensed with.
A calf running with its mother consumes \$75.00 worth of milk and is then worth about fifteen dollars.
The food that makes a pound of dressed beef worth eight cents will feed a good cow, make a pound of butter worth twenty-six cents—and then you still have the cow left!
Farmers get out your pencils and figure on these problems. It will pay you.
Take your wool, teatiers, eggs, etc. to Shaw, where you can get the highest market price.
